

# INSURANCE AND RISK MANAGEMENT FOR TECHNOLOGY FIRMS

## Industry Expertise, Client Stewardship and Advocacy For IT Firms and Other Technology Companies

The Internet is a double-edged sword for technology providers. They support virtually every type of commercial enterprise, yet face their own data breaches, cyber attacks and other online ambushes that have become all too common. That's why a risk management program with the broadest insurance coverage at the most competitive price matters now more than ever.

## Our P&C and Risk Management Approach Protects Your Business Interests

Our experienced consultants draw on their deeper understanding of risks, carrier policies and coverages to ensure your business has the protection it deserves.

Our experts deliver:

- A thorough analysis of your P&C program
- A customized stewardship plan
- Dedicated advocacy if a loss occurs

## Corporate Synergies' P&C Practice Delivers Expert Risk Management Consultation Services

Our experts' knowledge of risks and operations specific to industry verticals (non-profits, healthcare, hospitality, manufacturing, commercial real estate and others) translates into improved programs that protect assets and business interests.

The financial impact of **denial of service (DOS)** attacks in 2013 **eclipsed the previous year by**

# 200%.

The frequency of DOS **attacks increased 8-fold** during the same period.
